

CRISIS  
ESCALATION  
WILL CONTINUE  
THROUGH ALL  
LAST DAY EVENTS

Is there anyone or anything better or more beautiful or more excellent and powerful than Jesus Christ ? Your relationship to Him is of even greater consequence than your exposure to the Coronavirus. He is superior to every circumstance, every situation and every crisis in life and the Bible is filled with His promises to help us. They are all certified by His blood that was spilled on the cross of Calvary for you and for me. He sees 10,000 years into the future and there is no emergency He can’t bring us through.

And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth DISTRESS of nations, with PERPLEXITY; the sea and the waves roaring. (Luke 21:25) We need to understand what we are dealing with as we look at the world in these last days; we need to understand why, as Jesus said, this would be a time when, “men’s hearts” would be, “failing them for fear.” (Luke 21:26) Perfect love casteth out fear but because iniquity abounds, the love of many waxes cold. (1 John 4:18, Matthew 24:12) Dwelling upon scenes of iniquity and sin paralyzes the spiritual senses and increases the probability that a person will be overwhelmed by every coming crisis that is scheduled to occur in the near future. The mind must be filled with the love and truth of God in order to be strong.

**CHARACTER** -Are you facing an obstacle to your important life goals ? Is the obstacle insurmountable by the use of customary methods of problem solving ? Are you currently facing a crisis ? If you’re not facing one now, you will face one at some point in your life. Perhaps you haven’t considered it but now is as good a time as any to give it some serious thought. It is in a crisis that character is revealed.<sup>2</sup> Character is revealed by a crisis.<sup>3</sup> Whoever you and I are at the core of our human life, in our thoughts and feelings, will be revealed by a crisis. During the supreme crisis of His life, Jesus Christ revealed forever who He was and is. His character was displayed while He was hanging from the cross and as He prayed for those who hurt him, “Father, forgive them; for they know not what they do.” In Jesus Christ we see reflected the character of God and God is love.

# 1. People are in a state of crisis when they face an obstacle to important life goals

Written by Tyrone Keels

**CORONAVIRUS TRIGGER**  
What was the trigger for the current global health crisis ? The CDC is responding to a pandemic of respiratory disease spreading from person-to-person caused by a novel (new) coronavirus. The disease has been named “coronavirus disease 2019” (abbreviated “COVID-19”).

This situation poses a serious public health risk. The federal government is working closely with state, local, tribal, and territorial partners, as well as public health partners, to respond to this situation. COVID-19 can cause mild to severe illness; most severe illness occurs in older adults.

The complete clinical picture with regard to COVID-19 is not fully known. Reported illnesses have ranged from very mild (including some with no reported symptoms) to severe, including illness resulting in death.<https://www.cdc.gov/coronavirus/2019-ncov/cases-updates/summary.html>

**THE STUDY OF CRISIS**  
The Coronavirus is no respecter of persons and has no mercy. The rich and the poor, black and white, young and old alike are among its victims. It challenges 21st century society with three types of crisis: Individual, Systemic and Metastatic (spreading). In this study we’ll examine the three categories of crisis that were triggered by the Coronavirus and other crisis events that God will allow

to come to this world just prior to the return of our Lord and Savior Jesus Christ. We will identify the characteristics of this global health crisis and every crisis along with the natural remedies and psychological first aid principles provided in the Bible. We’ll also review the spiritual, and physical preparation that should be made for a crisis and the specific coping tools that are provided by a practical faith in Jesus Christ that works in real life.

## Character is revealed in a crisis

Whoever you and I are at the core of our human experience, in our thoughts and feelings, will be revealed by a crisis.

In order to be able to cope with or deal with a crisis, it is helpful to understand exactly what we are facing when we say “crisis.” This is why, for example, when God speaks in the Bible about the greatest crisis facing humanity, he clearly explains, in a variety of ways, exactly what sin is. We will follow the same model that God uses.

# THREE TYPES OF CRISIS

Written by Tyrone Keels

There are generally three types of crisis that have been triggered by the Coronavirus. They are Individual, Systemic and Metastatic (spreading). Whether man-made, pre-planned, Satanically inspired manufactured, or genuine, each crisis can be defined in a variety of ways. You can review a list of all of them in the reference section at the end of this study.

**INDIVIDUAL CRISIS (PERSONAL)**  
For an individual, a crisis is the perception or experiencing of an event or situation as an intolerable difficulty that exceeds the person’s current resources and coping mechanisms.<sup>1</sup> Crisis is a personal difficulty or situation that immobilizes people and prevents them from consciously controlling their lives.<sup>1</sup>

For the individual, a crisis is a temporary breakdown of coping.

The Coronavirus has triggered events of intolerable difficulty exceeding people’s current resources and coping mechanisms. It poses a threat to everyone’s personal and individual existence as it hazards the life of anyone who is infected by it. In the same way and of even greater consequence is the threat that sin poses to every individual personally as it corrupts the thoughts and feelings of those infected by it.

No human being has the resources or coping mechanisms, without Jesus Christ, for dealing with sin. Day by day God instructs His children. By the circumstances of the daily life He is preparing them to act their part upon that wider stage to which His providence has appointed them. It is the issue of the daily test that determines their victory or defeat in life’s great crisis.<sup>2</sup>

**SYSTEMIC CRISIS**  
1. A crisis that threatens the organization, is unexpected, demands a rapid response in a short time frame, and threatens its basic values.  
  
4. A systemic crisis is a negative event or outcome, which includes the element of surprise, disruption of operations, and is a threat to the property, financial and physical resources, well-being of individuals within the system, and the reputation of the system to provide for the well-being of its constituency.<sup>1</sup>

The Coronavirus triggered negative events which have surprised many in society, disrupted day to day operations, threatens property (homes), financial (economy) and physical resources, the well-being of everyone in the global human family. The ability of our health, government and economic systems to provide us is crippled.

The principle of sin operating in human nature has triggered many terrible negative events and disrupted the lives of individuals, families and whole societies. The selfishness at the foundation of sin has not only threatened and caused the loss of property, financial and physical resources and the well-being of everyone in the global human family. Transgression of mental, physical and moral laws of God has resulted in social, national and global intolerable suffering.

There is no hand cleanser for sin.

Is a virus in the body worse than the virus of the mind ?

Sin is the Coronavirus of the human mind that has been plaguing humanity and negatively impacting all earth systems for thousands of years.

COVID-19 Planet

**METASTASIZING CRISIS (SPREADING)**  
A metastasizing crisis occurs when a small, isolated incident is not contained and begins to spread.  
  
This virus was first detected in Wuhan City, Hubei Province, China. The first infections were linked to a live animal market, but the virus is now spreading from person-to-person. Some viruses are highly contagious (like measles), while other viruses are less so. <https://faq.coronavirus.gov/spread/#what-is-the-source-of-the-virus>  
  
It is the nature of sin to spread and increase.<sup>2</sup> Just like the Coronavirus, immoral behavior, wrong words and actions are contagious. Personal influence is the means by which it is spread from person to person. For none of us liveth to himself, and no man dieth to himself. (Romans 14:7)

**THE CHARACTERISTICS OF A CRISIS**  
A crisis can be triggered into existence instantly, evolve and develop over time or appear to emerge from no clearly identifiable cause. Yet, every crisis has characteristics in common with other crisis situations.  
**1. Presence of Both Danger and Opportunity.** In every crisis there is danger that wrong decisions of fatal consequence to oneself or others will be made. There is also opportunity for self-education and personal healing.  
**2. Seeds of Growth and Change.** In a crisis there is room for personal growth and beneficial change if the crisis is responded to in a positive manner.  
**3. The Necessity of Choice.** Every crisis brings the necessity of choice front and center before the mind. The exercise of the will is required to respond and even to not respond. Indecision is as much a choice as is a deliberate, carefully executed action.

# MORE DANGEROUS THAN CORONAVIRUS

According to the Bible, there will be more emergencies and perplexities to face as earth’s history comes to a close.

Written by Tyrone Keels

There is no greater threat to anyone’s personal peace and spiritual prosperity than the principle of sin. It is deep-rooted, deadly, and impossible to be cleansed by human power. The miracle of God’s grace is that because of it there is both

forgiveness of sin and power to overcome sin. Wherefore we receiving a kingdom which cannot be moved, let us have grace, whereby we may serve God acceptably with reverence and godly fear. (Hebrews 12:28)

Continues on P3

The Coronavirus crisis has overwhelmed individuals, institutions and whole countries prompting leaders to make panicky, destructive monetary and anti-freedom decisions with consequences that will far outlast the virus itself. By increasing the already staggering national debt to galactic levels and adding new layers of electronic tracking, surveillance and liberty restrictions, America is actually making its way quite steadily towards the fulfillment of Revelation 13:11 when through its legislative powers it will speak as a dragon.

Religious institutions are affected as churches and congregations are prevented from gathering and having regular services. Travel is restricted, the purchase and sale of goods and services is limited and in many places, people are required to wear masks. Through the enforcement of quarantines, to limit the spread of the Coronavirus, personal freedoms and privileges are restricted and America is preparing to fulfill its prophetic role when it will exalt crisis situations above civil and religious liberties.

**PSYCHOLOGICAL FIRST AID**  
Not every crisis will require psychological first aid, but it is becoming clearer every day that coping with uncertainty and random life changing situations can tax the coping abilities of even the most emotionally strong person. The true principles of psychology are found in the Holy Scriptures,<sup>1</sup> and the best psychological support is found in a promise provided by the Creator of the mind. Thou wilt keep him in perfect peace, whose mind is stayed on thee: because he trusteth in thee. (Isaiah 26:3)

Mind in crisis

None but those who have fortified the mind with the truths of the Bible will stand through the last great conflict.<sup>4</sup> The enemy has great power over minds that are not thoroughly fortified by prayer and established in Bible truth.<sup>5</sup> The education to be secured by searching the Scriptures is an experimental knowledge of the plan of salvation. Such an education will restore the image of God in the soul. It will strengthen and fortify the mind against temptation.<sup>6</sup>

Strength of mind is acquired by exercise. The mind increases in power and efficiency by use. It becomes strong by hard thinking.<sup>7</sup>

*“Keeping the mind stayed on God and trusting Him is the key to inner peace.”*

*The prophet Isaiah in chapter 26 verse three of the Bible.*

The little incidents of everyday life often pass without our notice, but it is these things that shape the character. The mind is the garden, the character is the fruit.<sup>2</sup> The mind needs to be trained by daily tests, that it may acquire power to stand in any difficult position.<sup>3</sup>

Through continued exercise, the mind will become strong to battle with internal foes, and to subdue self, until there is a transformation of the mind.<sup>8</sup> By dwelling upon the themes of eternal interest the mind is strengthened, and the character developed.<sup>9</sup>

# Defeat of the Coronavirus

Written by Tyrone Keels

## Studies show Zinc, Elderberry and Flavonoids inhibit Coronaviruses

Science has been studying coronaviruses since the 1960s.<sup>10</sup>

There have been over 7000 studies dating back to 1968 regarding antivirals and Coronaviruses.<sup>11</sup> COVID-19 is said to be a new or “novel” Coronavirus. Whatever may be said about coronaviruses, they are not entirely unfamiliar to science.

Currently, there are at least three FDA approved drugs known with effective antiviral activity against the Coronavirus that has swept across the planet. Studies show Zinc, Elderberry and Flavonoids also inhibit Coronavirus but they are not FDA approved for use.<sup>12</sup>

Anyone can take steps to be physically prepared for a crisis. [Ready.gov](#) is a great resource for learning how to prepare for more than 20 disasters and emergencies. You can find videos, toolkits, how to make an emergency plan and much more.

# Coronavirus Crisis Facts & Consequences

Far reaching consequences will result from the Coronavirus triggered global crisis. An outbreak of attacks on civil and religious liberty has emerged.

On October 18<sup>th</sup> of 2019, a Coronavirus pandemic exercise was sponsored by the Bill and Melinda Gates Foundation and Johns Hopkins Center for Health Security. It was estimated that 65 million people would die.<sup>13</sup> A month later, a real Coronavirus outbreak occurs in Wuhan, China. According to their webpage, the Bill and Melinda Gates foundation, “do vaccine development and surveillance.”<sup>14</sup> The World Health Organization has a plan to immunize everyone on the planet and it’s called “Immunization Agenda 2030: Global Strategy to Leave No One Behind.”<sup>15</sup> The CDC already has a National Syndromic Surveillance Program.<sup>16</sup>

Agenda ID2020 is a program to maximize the potential of digital I.D. for everyone on earth.<sup>17</sup> While Bible prophecy does not teach that a literal, physical mark will be forced upon everyone, it is clear that a system of universal tracking and surveillance will be established intertwined with control over commerce & economic activity.

Speaking of the beast with two horns like a lamb described in Revelation 13:11, the Bible says:

“And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.” (Revelation 13:16,17)

A journalist writing for FORBES believes that the Coronavirus could infect our privacy and civil liberties forever.<sup>18</sup>

Perhaps one of the immediate concerns to consider is the risk that comes with critical thinking at this time. If anyone dares express doubt or ask too many questions which undermine the official story or daily media reporting, he or she could face persecution. That’s worth noting for the people of God. The Bible speaks of a time in the near future when a comparatively small minority of people won’t accept the official proclamation about worship. The pressure to conform to social opinion and educated authority will be intense. Are you preparing to stand with Jesus Christ on the side of God’s love and His law ?
